Most of our strategies have been implemented or will soon be implemented. I would like some additional materials to hand out at events.

5. Are you aware of activities being held within your county that were not included in the March 2004 EAP (i.e., gas can exchange events; public outreach and educational events; “Grow” workshops; are their cities within your county designated as “Tree City USA”, etc.)?

The City of Aiken is a “Tree City USA”. Other than “Earth Day” events, I am unaware of other activities.

6. Do you have any requests for specific assistance from the Department and/or the EPA?

Yes, help in getting the low emission fuels into this area.
